TONIGHT--CHARLEROI SYMPHONY ORCHESTRA, HIGH SCHOOL AUDITORIUM, 8 P.M.

THE CHARLEROI MAIL

VOL. XVI. NO. 218. CHARLEROI, WASHINGTON CO., PA. TUESDAY, FEBRUARY 29, 1916 ONE CENT

DISTRICT'S LARGEST TONNAGE REPORTED FOR THE YEAR 1915

Inspector Charles P. Byrne States 7,026,276 Tons of Coal Were Mined

MEN OF MANY RACES AT WORK

Twenty-Three Nationalities Employed—Vesta No. 4 Mine Has Large Production, Maintaining Reputation Of Largest in World.

Probably the largest tonnage in the history of the twenty-first bituminous district was produced in 1915, the report of Inspector Charles P. Byrne shows. Still, had it not been for a shortage of cars on the railroad the coal production would have been much larger. The total production of coal during the year was 7,026,276 net tons. Of this amount in Washington county the tonnage was 6,541,102 and in Greene 485,174. In producing the coal there were 6,297 workmen employed.

Mr. Bryne says in commenting on the report: "The Vesta Coal company leads as usual with the largest production. The big No. 4 mine located at California produced an average tonnage of 6,265 tons for each day throughout the year, practically the largest tonnage of any coal mine in the world. The haulage system is practically a railroad system in itself, requiring over 100 miles of tracks to be kept in repair. All of this trackage is underground. 35 locomotives hauling the coal to a side track where it is made into trains of 125 cars or more. It is then hauled by rope haulage for a distance of two miles to another side track where another rope haulage takes hold of it and hauls the train to the tipple at the river where it is crushed and loaded into barges and towed to the different mills of the company. Vesta No. 4 gives employment to 1,350 workmen.

In the production of the total tonnage in the district during the year 35 workmen lost their lives and 72 workmen were injured. Twenty-six wives were made widows and 55 children were made orphans.

The net tons, coal production in the twenty-first district was as follows:

Vesta Coal Co	3,011,471
Monongaheda River Consolidated Coal & Coke Co	1,936,062
Diamond Coal & Coke Co	441,831
Crucible Fuel Co	413,171
Reliance Coke Co	307,076
Lilley Coal & Coke Co	269,938
Clyde Coal Co	259,706
Warner Leonard Coal Co	127,975
Fredericktown Coal & Coke Co	114,356
Chas. W. Braznell	72,584
Pitt Gas Coal Co	72,000
Totals	7,026,276

Production by Counties.

Washington	6,541,102
Greene	485,171
Totals	7,026,276

Number of employes 6297.

In his report Inspector Byrne notes the fact that there are 23 nationalities employed in producing the coal in the district, with the number of Americans employed being the largest of any race. However the Slavonian races run high, being within 300 of the number of Americans. No Tyroleans. Danes or Japanese are employed of the leading races. Following is a list of the nationalities employed and the number of each: American 1,358, English 147, Welsh 24, Scotch 69, Irish 100, German 126, Slavonian 1.059, Italian 816. Polish 525, Hungarian 818, Austrian 273, Swedish 17, Russian 505, Belgian 63, Bohemian 4, French 4, Finnish 93, Lithuanian 148, Greek 14, Croatian 7, Syrian8, Montenergian 19, Howat 100. Of the total number of men employed—6,297—5,621 were employed inside and 676 outside.

SPECIAL STAGE ARRANGEMENTS MADE FOR SYMPHONY ORCHESTRA

Organization Composed of Valley Musicians to Appear at High School Auditorium Tonight.

Tonight at 8 o'clock at the high school auditorium the Charleroi Symphony orchestra will appear in the second of a series of three concerts during the present season. Under the direction of Jean DeBacker of Pittsburg a program of high class numbers has been arranged. Pierre DeBacker, a son of the conductor is to assist as soloist. The orchestra is made up of musicians from all along the Monongahela valley and is considered one of the finest musical organizations in this part of western Pennsylvania. Special stage arrangement has been made to accommodate the needs of the orchestra tonight, an addition having been constructed.

FALL ON STAIRS BRINGS DEATH

Monessen Finlander Expires at Charleroi - Monessen Hospital From Injuries

UNCONSCIOUS WHEN FOUND

As the result of injuries sustained in a fall down a flight of stairs at his home at Sixth street and Motheral avenue, Monessen, Nestor Henonen, aged 48 years died at the Charleroi-Monessen hospital, Monday afternoon at 1:40. He died without regaining consciousness.

Facts of Henonen's accident are not known even by his family. It is supposed that he was starting down the flight of stairs leading from the second to the first floor of his home when he caught his foot and tumbled the entire length. When picked up he was unconscious. Fracture of the skull caused his death.

Henonen was married and leaves a family of four children. His funeral was held this afternoon and interment was in Grandview cemetery.

A ten cent Social will be held in P. H. C hall Thursday evening March 2. Benefit Comet Baseball club. Refreshments. 217-4p

Come to the euchre at Moose Hall Wednesday evening, March 1, for the benefit of the Maccabee Rlief Fund. Admission 25 cents. Playing will begin at 8 o'clock. 2 18-t1—

PECULIAR SITUATION IN MONESSEN COUNCIL

All Councilmanic Action Taken Within Last Year May be Proven Illegal—Question of Whether Four Members Are Serving Legslly

Whether or not every meeting and every action taken during the last year by Monessen borough council has been illegal will be decided by test suits instituted at Greensburg, the Westmoreland county seat, when the cases come to a hearing March 13. The proceedings are directed at Councilman Frank Bumer, Gus Kruell, Graff Milhollan and M. Cooper by Burgess A. G. Dunlap and are the result of instruction from the council itself.

The difficulty exists in a misunderstanding in the length of term due years ago and the method of tossing to the change of election laws two a coin to decide the questions of service. Since the matter has come up council is afraid to take any action of any importance and borough employes are awaiting salaries considerably overdue, and improvements are more or less at a standstill. If it is proven that the four councilmen have been serving illegally the borough will in a sense be set back one year and some tall thinking will have to be done to set right whatever action has in that time been taken.

CHARLEROI TENOR GETS M'KEESPORT POSITION

C. Warren Kinder, one of Charleroi's most promising vocalists has taken the position as tenor soloist and member of the quartet of the First Methodist church of McKeesport, taking up his duties there on Sunday. The church is one of the largest in the Methodist denomination in the Pittsburg district, having over 1,500 communicants. Rev. Thomas Shay is the pastor.

C. WARREN KINDER.

The name of Mr. Kinder was suggested to the board of the McKeesport church by C. C. Humphries, another Charleroi tenor, and the board took immediate action. They heard the Charleroi singer once and engaged him on the spot.

Mr. Kinder was born in Brownsville and for six years was with his father in the Kinder floral establishment in Charleroi. Then he entered business for himself at Donora last August. In music Mr. Kinder has had considerable experience. He studied under Prof. I. T. Daniel here, held a position as chorister at the First Christian church here and lately at Donora has been chorister and choir director at the United Presbyterian church. While taking a course at the Eastman Business college at Poughkeepsie, N. Y., he was a member of the First Presbyterian church choir.

THURSDAY THE DATE OF HIGH SCHOOL CONCERT

The musical organizations of the Charleroi High Schools will appear in concert at the auditorium on Thursday evening of this week. A splendid program, consisting of vocal and instrumental solos, duets, quartettes and an octette and chorus of mixed voices, together with selections by the orchestra and mandolin clubs, has been arranged. The sale of seats is progressing rapidly. All seats must be reserved owing to the fact that but sufficient tickets will be sold to enable all persons to enjoy a seat.

WORTH $10,000 TO BE STRUCK BY MOTORCYCLE

That is Opinion of Donora Girl Who Suffered Injuries and Her Father Who is Angry—Claim Heavy Damages in Suit.

Matilda Mitchell, a minor, by Antonio Micheli, her father and next friend, and Antonio Micheli, in his own right, have filed a suit for $10,000 damages against Edson Reynard and Harry Reynard, copartners, trading as Edson Reynard & Son. The action is based on an accident in which the plaintiff minor was run down by a motorcycle and badly injured. The cycle which struck the girl was being ridden by William Reynard a son of Edson Reynar and a brother of Harry Reynard.

The acident occurred on May 6, 1915 near Baird station. On the date mentioned the plaintiff minor was walking along the brick road from Black Diamond to Donora. This highway it is set out, is much traveled by pedestrians. This fact, it is averred, was well known by William Reynard, who was driving the cycle.

Nothwithstanding this fact, it is claimed he drove the cycle in a dangerous, careless and reckless manner, running into the plaintiff, Matilda Micheli. She was knocked down, suffered a broken leg and other serious injuries. She was removed to a hospital, where she remained for some time. The plaintiff minor, by her father, asks $7,500 damages and the father, in his own behalf, asks $2,500 damages.

BUSINESS MEN COMPLETING CONVENTION PREPARATIONS

EIGHT CASES OF MEASLES NOW RAGING, SAYS HEALTH OFFICER

Report of Conditions Shows Borough to be Generally in Good Shape Diseases Considered.

At the present time there are eight cases of measles in Charleroi, according to the report of Halth Officer William Darby to the health board in going over the health conditions now existing. During the month just closed there were 10 cases of measles reported to the board, one case of chicken pox, five of tubereulosis, 10 general complaints, two bad cellars two unsanitary outhouses, 7 disinfections, six bad stables. There was but one case of diphtheria, showing that the serious contagious diseases have not been numerous during the last month. However the cases of grip and pneumonia made up for that.

RATE QUESTION IS BROUGHT UP

W. Harry Brown Complains He is Assessed Too Much at Brownsville

OTHER CASES NOW PENDING

Complaints of discrimination on the part of the Pennsylvania Railroad made by W. Harry Brown, were heard by a representative of the Inter-State Commerce Commission at Pittsburg Monday. Mr. Brown maintains that the H. C. Frick Coal and Coke company enjoy a Pittsburg shipping rate taking in Brownsville because of switching arrangements, but that he is denied the Pittsburg rate though in reality his field of operations is on the whole about as near as that of the Frick company.

The importance of the case lies in its application to up-river coal developments. Several cases are now pending before the Pennsylvania Public Service commission on questions of equity as well as rates, and this body it is expected will act in conjunction with the Federal body in making its decisions. Whatever decision is made by either the state or the Federal body will have a wide effect.

LLOYD YOHE NAMED FOR ANNAPOLIS APPOINTMENT

Congressman Henry W. Temple of the Washington, Beaver and Lawrence County Congressional District, has sent to the Navy Department the name of Lloyd Yohe of Monongahela for the appointment to the Annapolis Naval Academy. This means that Lloyd will take the required entrance examination and if successful will enter the Naval Academy in June. This is quite an honor for the young man as well as for Monongahela and his many friends extend their congratulations. He is the son of Lieutenant and Batallion Adjutant E. L. Yoohe of the Tenth Regiment Staff.

Meeting of Local Committees to be Held Tomorrow to Make Arrangements

OBJECT THAT OF PROTECTION

Credit Association May Employ Man To Keep Lookout for Sharpers and to Guard County Merchants Against Nefarious Schemes.

Tomorrow night arrangements will be as nearly completed as possible for the entertainment here on March 16 of county business men at the second convention to organize permanently an association. The association as planned is to be for the general protection of business men of county.

The general committee will meet on Wednesday night at the office of Guy Moffitt, Esq., then on Thursday night the Business Men's Association regularly monthly meeting will be held and reports made of progress.

All sessions of the county association are to be held at the high school auditorium on the date of organization. Toward the idea of protection it is proposed to form a credit association, employing a man to keep a lookout for sharpers and to protect county merchants and business men against them.

STRIKING TIPPLE IS COSTLY TO RAILROAD

Pittsburg-Westmoreland Coal Company Gets Verdict for $4,500 Against P. R. R. For Destructive Work Of Train at Hazelkirk.

By agreement a verdict for $4,500 was taken Monday in common pleas court in the suit of the Pittsburg & Westmoreland Coal company, now in the hands of receivers, against the Pennsylvania Railroad company. This ends a litigation that has been pending for several months. The case was heard formerly and after a week's trial the jury failed to agree.

The claim was for damages brought by the coal company by reason of the destruction of a steel tipple at the Hazelkirk mine on the Monongahela and Ellsworth branch of the Pennsylvania railroad. The tipple was knocked down when cars being shifted on a switch were shoved over the end of the switch and against the tipple which fell a mass of twisted iron. The railroad company to clear the track, tore away the fallen ironwork. The coal company charged the railroad company with negligence.

MARGUERITE CLARK IN "MICE AND MEN" AT COYLE

Marguerite Clark one of the most beautiful and talented actresses of the day will be shown in the leading role of "Mice and Men" which will be shown at the Coyle theatre today. The picture is adapted from the celebrated romantic comedy of the same name. Miss Clark is exceptionally well suited to the captivating impersonation of Peggy in this stirring story of the South.

A WINTER RECORD.

The entire month of February, which closes tomorrow, has been given over to the frolicsome sport of King Winter. Commencing with the morning of the second day of the month, when a sharp and sudden snow storm came down from the North, after a season of mild weather, the entire month has shown a disposition to be ugly and make mankind uncomfortable. Two zero periods have been experienced and there has not been a day when some sort of freakish weather was not either in operation or promised, remarks the Pittsburg Gazette Times. Snow has remained throughout the entire month in patches, despite the one or two sloppy, disagreeable visitations, when rain made life under foot and overhead miserable. Violent changes of temperature have been frequent, the mercury making a jump of some 50 degrees in 24 hours on one occasion.

All this concentrated weather meanness, after the groundhog had promised fair weather in this neighborhood puts the prophetic powers of that supposedly astute beast in a bad light. Everybody is wondering just what would have happened if he had really seen his shadow on February 2.

In the rural districts the farmer is not particularly disturbed by the weather beyond the discomforts for the continued snows are covering the winter wheat crops, thus insuring the needed protection for this cereal and guarenteeing a good start when the spring sunshine begins to get in its work.

To the city dweller, however, memories of February, 1916 will hold some uncomfortable remembrances and its departure tomorrow will not cause any particular grief unless it be that the approach of March, as we casually have that month in this latitude, holds out little promise of a change for the better.

STUDY YOUR INDIVIDUALITIES.

Engineers will tell you that no two locomotives are ever exactly alike. They may be turned out to an exactness that defies the most modern instrument for measurement or weight to show any differences. Put into service, each machine will develop individual characteristics, one often being superior for its purpose. This same unknown quantity is experienced in sea-going vessels. The trial trip is the only test of their efficiency, says the state health commissioner.

The medical man never finds two human beings with the same dispositions, mental or physical strength, yet we are created after the same model, but owing to dissimilar nerve forces or the life of our tissues, each individual has certain differences and some have real idocyncrasies.

There are broad rules of nature relating to our physical welfare which we cannot transgress without evil results. Likewise there are certain things which the majority of us can do without putting any unusual strain on our physique but here begins the question of the adjustment of the individual piece of machinery. We must study our physical limitations and find out just what scope we have. Because one man can live or almost exist on an exclusive meat diet, it is no reason why the next fellow can. Men and women often ruin their health by trying to do things simply because others do them. Each should get his own measure.

The question of age must enter into consideration. It is well to bear in mind that exertion which does not seem a strain at one period in life may be dangerous in later years.

These same principles apply in matters of diet. There are foodstuffs wholesome enough to the average individual, which seem to have a deleterious effect on the few.

We must measure our individual characteristics and avoid those things that do not agree with us.

All of these things should be observed and taken into consideration. They are the results of weakness or peculiarities in our living machinery and to reach and maintain efficiency, they must be recognized and respected.

Words of praise to a newspaper are so infrequent as to be almost negligible, which makes a voiced or written appreciation stand out all the more prominently in the minds of those concerned. Still the people of a community where any sort of a newspaper is published realize its value and though not agreeing at all times or in extreme cases not any of the time with its policies recognize in it a respectable medium reflecting as nothing else could the spirit and life of the town or city wherein it is published. A newspaper occupies a most conspicuous place and it deserves support, if it lives up to its pretensions.

Pneumonia's toll this winter has been particularly heavy. Acquiring a hold which seemed unbreakable this dread disease has continued through an arduous winter devastatingly. Partly the cause has been the unusual sort of peculiarly mixed weather. The rigors of winter have proven rigorous in the extreme; the terrors of winter more terrifying than usual. Had there been more of a prevailing coldness and solidity probably disease would never have gained the footing it did. But man has no power of dispensation so far as weather is concerned. Only over his own habits has he control. And these he surely has been taught to watch.

The death of Mrs. Charles R. Newcomer, coming unexpectedly early Sunday morning, brings to the community a sense of a direct loss. Here was the sort of life that will be missed. With a geniality of the sort which naturally attracted friends and a corresponding warmth of feeling and sympathy which held them, she won the love and high esteem of all with whom she came in contact. Her virtues were many; if she had faults they were few. She was a good wife and mother—a good woman. What more could be said?

SUFFERED 15 YEARS CURED IN 21 DAYS

Gentlemen: For over 15 years I was afflicted with eczema covering my arms, legs and face. I suffered so that I could not sleep. My face was red and swollen, and covered with dry feverish scales. Was unable to attend to business for weeks at a time.

I had about given up all hope when I tried Amolox. The first application gave me relief so I could sleep. In 3 days I was able to attend to business. After 30 days' treatment my eczema entirely disappeared.

James R. Rigby, Youngstown, O. Amolox ointment will quickly heal pimples on the face, blackheads and minor skin troubles. Chronic cases of psoriasis, salt rheum, tetter, that have suffered for years, require both the ointment and solution to effect a cure. Trial size, 50c. Guaranteed and recommended by Pipers Pharmacy.

Send postals for free sample to Amolox Laboratories, Youngstown, Ohio.

What She Looked Like.

A near neighbor called upon my aunt one afternoon. She was most becomingly arrayed in a new gown and hat. After my aunt had expressed her approval in regard to the new clothes, little Marion exclaimed: "And I like 'em, too, and I think you look just like a fashionable dish."—Exchange.

His Good Wishes.

Harry's grandpa was sick and Harry went with his mother to see him. They remained for a little while, and on leaving Harry walked over to the bed and, shaking hands, said: "Well, good-by, grandpa, I certainly hope you don't die."

SILL SAYS HE FLIRTED WITH GRAVE A YEAR

Pittsburg Man Frequently Fainted And Had to be Taken to Hispital.

"I'll tell you the truth, if I knew this Tanlac was not going to be sold any more, I would try to buy every bottle on that counter over there before I left here today," said W. J. Sill at the drug store in Pittsburg, Pa., where Tanlac, the celebrated preparation, is being introduced. Mr. Sill, it might be well to mention, lives at 1206 Magnolia Street, North Side and is connected with the New York Dye Works, at 628 Penn Avenue in this city.

"Before I began taking it," he continued, "I weighed many pounds less than I ever weighed. Today, I got on the scales and tipped them 10 pounds more than I have weighed in 12 months or more. That's exactly what two bottles of Tanlac did for me. Just look at me. I'm filling these trousers rapidly.

"About two years ago I commenced having stomach trouble and it kept getting worse until I began having regular attacks of acute indigestion. When these attacks came on me, and they were usually accompanied by nervous spells and dizziness, I would just swell up out of all proportion and become as limp as a rag. My breath would get short and my pulse so weak I was afraid my heart would stop beating. I have become unconscious on the street numerous times and have had to be taken to the hospital. I tell you I was flirting with my grave and would have been in it if it hadn't been for Tanlac.

Tanlac is now sold in Charleroi exclusively by Pipers Pharmacy where the premier preparation can be had.

To Beat an Egg Quickly.

Break the egg into an ordinary glass tumbler. Place a piece of clean tissue paper on the top. Hold it firmly down all around to keep out the air. Place the other hand on the top of the paper and shake the tumbler vigorously two or three times. The egg is then ready to use without any further effort, and is as well-beaten as if whipped for ten minutes.

Oatmeal Muffins.

Put two cupfuls of uncooked oat meal in bowl, pour over one and one half cupfuls sour milk, cover and let stand over night. In the morning add one-third cupful sugar, one-fourth cupful melted butter, one egg, well beaten, one teaspoonful salt and one cupful flour. Beat thoroughly, place in buttered hot iron gem pans; bake in a hot oven 20 minutes.

Anna Potatoes.

Wash and pare medium-sized potatoes, cut lengthwise in one-quarter inch slices, fasten with skewers (toothpicks), parboil ten minutes place in dripping pan and bake about twenty minutes in a hot oven, basting often with butter or some other fat.

Ginger Puffs.

Beat one egg well, add half cupful sugar, half cupful molasses, quarter cupful melted butter, half cupful warm water, two cupfuls flour sifted with one teaspoonful each of cassia, ginger and soda and half teaspoonful salt. Bake in individual tins.

"Oleomargarine is a cleanly, wholesome and nutritive article of food. Numerous experiments have shown it to possess a food value practically equal to that of butter, and it has the added advantage of keeping better and longer than butter."
New International Encyclopedia.

ORDINANCE NO.....

An ordinance authorizing the grading, paving with vitrified brick and curbing with stone or concrete of Cherry Ally lying between Third Alley and Fourth street, and providing for the collection of two-thirds of the cost thereof from the owners of real estate abutting thereon.

Be it ordained and enacted by the Burgess and Town Council of the Borough of Charleroi, Washington County, Pennsylvania, and it is hereby ordained and enacted by authority of the same:

Section 1.

That the Burgess of the Borough of Charleroi be and is hereby authorized and instructed, as required by ordinance No. 17, Section 5, and the several other proper ordinances of the Borough, to advertise for and receive proposals for the grading, paving with vitrified brick and curbing with stone or concrete of all that portion of Cherry Alley lying between Third Alley and Fourth Street, in said Borough, in accordance with plans and specifications of the Borough Engineer, approved by the Burgess and Town Council as provided by the several acts of Assembly.

Section 2.

The said Burgess is further authorized to enter into a contract or contracts, in conjunction with said Town Council, with any responsible party, parties, corporation or corporations, such being the lowest and best bidder or bidders for said grading, paving and curbing; said party, parties, corporation or corporations to give bond in the sum of ..... Dollars, with surety to be approved by the Burgess and Town Council, to do said grading, paving and curbing, including the furnishing of material in strict conformity to and with said plans and specifications of said Borough Engineer and under his direction and supervision.

Section 3.

Upon the completion of said grading, paving and curbing, two-thirds of the cost and expense thereof shall be assessed and collected from the owners of the real estate bounding and abutting thereon by an equal assessment of the feet frontage bounding or abutting as aforesaid, as provided by the Act of Assembly, approved May 12th, 1911, P. L. 288, and the other several laws of the Commonwealth of Pennsylvania and Ordinances of said Borough; said assessment to be estimated by the Borough Engineer.

Ordained and enacted into an ordinance this ..... day of ....., 1916.

.....
President of Council.

Attest:

.....
Clerk.

Examined and approved by me this ..... day of ..... 1916.

.....
Chief Burgess.

Attest:

.....
Clerk.

Notice

Any and all objections to the above ordinance and the proposition therein contained may be made to the Borough Council at a meeting to be held in the Borough Building at 8:00 o'clock, P. M., Tuesday, March 7, 1916.

Ira L. Nickeson,
Borough Clerk

ORDINANCE NO.....

An Ordinance authorizing the grading, paving with vitrified brick and curbing with stone or concrete of Fourth street lying between Crest and Meadow avenues, providing for the collection of two-thirds of the cost thereof from the owners of read estate abutting thereon.

Be it ordained and enacted by the Burgess and Town Council of the Borough of Charleroi, Washington County, Pennsylvania and it is hereby ordained and enacted by authority of the same:

Section 1.

That the Burgess of the Borough of Charleroi be and is hereby authorized and instructed, as required by Ordinance No. 17, Section 5, and the several other proper ordinances of the Borough, to advertise for and receive proposals for the grading, paving with vitrified brick and curbing with stone or concrete of all that portion of Fourth street lying between Crest and Meadow avenues, in said Borough in accordance with plans and specifications of the Borough Engineer, approved by the Burgess and Town Council as provided by the several Acts of Assembly.

Section 2.

The said Burgess is further authorized to enter into a contract or contracts, in conjunction with said Town Council, with any responsible party, parties, corporation or corporations, such being the lowest and best bidder or bidders for said grading, paving and curbing; said party, parties, corporation or corporations to give bond in the sum of ..... Dollars, with surety to be approved by said Burgess and Town Council, to do said grading, paving and curbing, including the furnishing of materials in strict conformity to and with said plans and specifications of said Borough Engineer and under his direction and supervision.

Section 3.

Upon the completion of said grading, paving and curbing, two-thirds of the costs and expenses thereof shall be assessed and collected from the owners of the real estate bounding and abutting thereon by an equal assessment of the feet frontage bounding or abutting as aforesaid, as provided by the Act of Assembly, approved May 12th, 1911, P. L. 288, and the other several laws of the Commonwealth of Pennsylvania and Ordinances of said Borough; said assessment to be estimated by the Borough Engineer.

Ordained and enacted into an ordinance this ..... day of ....., 1916.

EXTRA LINEN SUPPLY

MATTER THAT IS THE DESIRE OF EVERY HOUSEWIFE.

Monograms Should Be Embroidered on Every Piece—Fancy Work That Can Be Done in Moments of Leisure.

No housekeeper can ever have enough attractive linen for her table and her bedrooms. She may have enough for actual service, but it is wise to keep just a little ahead of the actual need in extra towels for guest-room and bathroom. It is also advisable to keep just a little ahead in the supply of linen for the table.

Every set of napkins and each tablecloth should have the housewife's surname initial or her monogram embroidered upon it. There is a question as to the proper place to put the initial or monogram, but the majority prefer the letter on tablecloths to be in the corner, where they will come just off the rounded edge of the table

Napkins should have the initials in the corner or in the middle on one side, where they will be on top when the napkins are folded. Tea napkins are the only ones on which a wreath can appropriately be placed. It is quite permissible to place an initial within the wreath or other decorative motif. Tea napkins can also be finished with hemstitched or scalloped edges.

Some women may argue that they haven't time to put fancy work on household linen. This is a poor argument, for almost every woman has a few moments during the day when she sits down to chat with a neighbor or when she is waiting for the homecoming of her husband to his evening meal. It is during these odd moments that a great deal can be accomplished, especially in the way of fancy work. Pick-up work is good for the nerves.

Mexican Meat Loaf.

Mix thoroughly a pound and a half of chopped beef, half a pound of finely chopped veal and a quarter of a pound of chopped salt pork, a tablespoonful of finely minced parsley, half a chopped onion and a tablespoonful of minced green pepper, also a teaspoonful of salt and a saltspoonful of pepper. Cut a long, narrow strip from a canned pimento and arrange a layer of the meat mixture firmly in the bottom of a dish previously wet with cold water. Then lay the pimento strip lengthwise on the meat and cover with the remainder of the meat. Pack in well and bake three-quarters of an hour in a quick oven. Make a gravy of the drippings, adding a little tomato juice and chopped green pepper.

Pennsylvania Plum Pudding.

One cupful milk, two eggs, one cupful molasses, one-half teaspoonful nutmeg, one-half teaspoonful salt, two teaspoonfuls baking powder, one cupful bread crumbs, one-half cupful corn meal, one cupful chopped beef suet one-quarter cupful finely minced citron, one cupful seeded raisins, one-half cupful currants; flour to make a stiff batter. Steam fully three hours, turn from the mold and strew chopped almonds over top. Serve pudding hot with sauce made thus: Cream together one cupful of pulverized sugar, scant one-half cupful of butter, beat whites of two eggs in, one at a time and one teaspoonful of lemon flavoring; stand on ice a short time before serving. Serve sauce very cold.

Dr. Osler on Tuberculosis

Sir William Osler, one of the foremost of living medical men, formerly of Johns Hopkins, Baltimore, and now Regius Professor of Medicine at Oxford, says in his "Practice of Medicine" (1892), on page 249:

"The healing of pulmonary tuberculosis is shown clinically by the recovery of patients in whose sputa elastic tissue and bacilli have been found. . . . In the granulation products and associated pneumonia a scar tissue is formed, while the smaller caseous areas become impregnated with lime salts. To such conditions alone should the term healing be applied."

Many eminent medical authorities have testified to the efficacy of lime salts in the treatment of tuberculosis, and the success of Eckman's Alterative in this and other throat and bronchial affections may be due partly to the fact that it contains a lime salt so combined with other valuable ingredients as to be easily assimilated.

Widespread use of this remedy in numerous cases of tuberculosis—many of which appear to have yielded completely to it—justifies our belief that it is worth a trial, unless some other treatment already is succeeding. It contains no opiates, narcotics or habit-forming drugs. We make no promises concerning it any more that reputable physicians give promises with their prescriptions, but we know of many cases in which IT HAS HELPED.

Your druggist has it or can get it, or you can send direct.

Eckman Laboratory, Philadelphia.

THOUSANDS OF DOLLARS SPENT ON STOMACH

Pennsylvania Man Gets Quick Remedy for His Long Suffering Stomach.

Henry F. Curry of the Hotel Balflett at Cambridge Springs, Pa., suffered most desperately from ailments of the stomach and digestive tract for years. He spent a fortune in the pursuit of health.

At last he happened to discover Mayr's Wonderful Remedy. He found relief quickly. Mr. Curry wrote:

"I have spent thousands of dollars for doctors and medicine and hardly got temporary relief, and before I took your medicine I was about discouraged. But after taking your medicine I got great relief. My mental and physical suffering had been so bad that I had to resort to morphine, and even with that I did not get much relief. Your remedy helped me wonderfully. I have a good appetite, sleep well, and have gained weight."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

John Smith has returned from Bridgeport, Ohio, after visiting with his brother William.

ARE MEDICINES LIQUORS?

A certain class of prejudiced, and jealous doctors call patent medicines only alcoholic beverages. They will tell you that such and such a medicine contains as much alcohol as a glass of beer or a certain quantity of whiskey, but they don't mention that beer or whiskey is swallowed at one draught while only a small quantity of the medicine is taken at one dose. At the same time they will use alcohol quite as freely and many in four or five times as great proportions in their own prescriptions.

Such standard remedies as Lydia E. Pinkham's Vegetable Compound use barely enough alcohol to preserve the root and herb extractives, too little to have injurious effects; and the medicine can be had, if desired, in a non-alchoholic form.

HOW TO PROLONG LIFE

By adopting a simple diet men like Conaro have lived to be 100 years of age, but with our complex diets of today, the vitality of the aged is taxed to its utmost endurance. A simple diet, therefore, is conducive to a long life, and if the vitality becomes impaired and weakness seems apparent, our local druggists Piper's Drug Store have in Vinol a reliable, non-secret remedy which contains just the elements needed to restore strength to weak, feeble old people and prolong a healthy, happy life.

FRENCH PROGRAM TAKEN UP BY THE MUSICAL AUXILIARY

French Program.

At the regular meeting of the Musical Auxiliary of the Athene Club a study was made of French music. A paper treating the subject of "The French School," was read by Mrs. A. G. Lewis. Miss Elizabeth Buffle played "Funeral March of a Marionette," Gounod. A duet was rendered by Misses Nora and Della Swan. A violin number "La Cinquantaine," Gabriel-Marie, was played by Mrs. F. J. Bethem. Miss Emma Clutter read the current event paper. After the rendition of the program a chorus practice was held.

The Fraternal Patriotic Americans will hold a pie social in the Odd Fellow's Hall Wednesday evening March 1. 217-t3

Medical Opinion.

Some authors think they are creating atmosphere when it is only hot air. Likewise some people mistake temperature for temperament.—The Medical Pickwick.

To Clean Enameled Ware.

A little powdered pumice stone will clean enameled ware better than anything else.

COUNT VAN DER NOTT TO APPEAR AT PALACE TONIGHT

of ability will entertain with musical program at the Palace theatre Count Van der Nott one of the survivors of the Titanic disaster will give a ten minute talk of his rescue and also of the conditions in the war stricken countries. Bert DeVor and company will present a one act comedy "The Wife". Clare Reymond a musician of ability will entartain with musical numbers and Pearce and Burke a team of clever comedians will present singing, dancing and comedy numbers.

First "Push Button."

Benjamin Franklin invented the electric "push button." This was accomplished in 1751. He "shocked" the railing in front of his Philadelphia residence, finding the idlers of the street were too fond of gathering under his window. This so alarmed them that they no longer gave the philosopher offense.

Wherein the Profit.

"Is there any profit in selling postage stamps?" inquired the man in search of information. "Not directly," replied the druggist, "but it gets people into the habit of going to the drug store, and after that it doesn't take long to make chronic invalids of them."—Kansas City Star.

To Insure Good Coffee.

Boil out the coffee pot once a week. Dissolve a tablespoonful of ordinary baking soda in enough cold water to fill the utensil two-thirds full and let it boil for 15 minutes. Rinse it out most carefully and then wipe perfectly dry.

Nasty Motors.

Nephew—"I see the government has withdrawn some of the new taxes." Auntie—"I'm so glad—there were too many of those nasty vehicles on the street!"—London Opinion.

Going the Limit.

"Do ye drame of me, Moike?" whispered a girl to her lover as they walked down a lonely glen—in Ireland of course. "Drame of ye, is it, Kate? Sure 'tis the way wid me that I can't shlape noights dramin' of ye, dar lint!"
